○ Who can use this service

This program has been developed to assist older Australians to remain in their homes. Eligibility is determined by an Aged Care Assessment Team which can be arranged through My Aged Care. Call us on (08) 8082 9000 to help facilitate this process.

Although there is no minimum age requirement for a home care package, the Home Care Packages program has been developed to assist frailer older Australians to remain in their homes. In some cases, younger people with disabilities, dementia or special care needs may be able to access a home care package.
